

INSTITUTO FEDERAL DE  
TELECOMUNICACIONES

# **WORKSHOP: HOW AI IS TRANSFORMING INDUSTRIES AND SOCIETY**

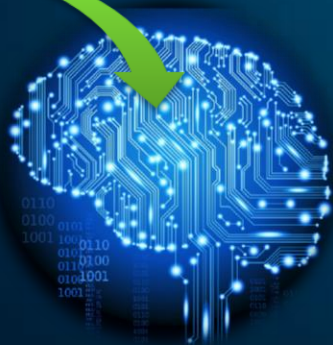

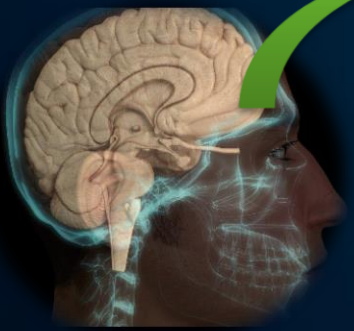

**JAVIER JUÁREZ MOJICA**

COMMISSIONER

MEXICO'S FEDERAL TELECOMMUNICATIONS  
INSTITUTE (IFT)

SESSION 1: DEVELOPMENT,  
IMPACTS, AND POLICY-MAKING

**OCTOBER 9<sup>TH</sup>, 2018.**

# I.A.

## SOME QUESTIONS...

- How should we **define** A.I.?
- A.I. the **worst** or the **best** event in the history of our civilization?
- Thoughts on **utopic-dystopic future**?
- What could be the **real benefits** of the development of A.I.?
- Main **risks** so far? What could/should we do to avoid or minimize these risks?
- What public policies should be implemented to ensure that the **benefits** of A.I. are **equitably distributed**?
